## Nicole C. Mullen, Freedom

Ain't got no halo, no wings to fly away I've got to labor, for many many days I'm on a journey, I'm looking for a place To rest by burdens, far from this tyranny

## Chorus:

From the shores of Africa Up to the doors of America With voices to heaven praying for liberty We cry freedom (freedom, freedom) x4

We marched in 'Bama
We marched in Tennesee
Brown men and white men
Stood for equality
We kept our chin up
We kept our dignity
And our proclamation
Let everbody sing

## Chorus

Up on Golgotha, hanging upon a tree They say the God-man, died for my liberty He heard me crying, from my captivity And so he came down, down to deliver me Woah woah woah

## Chorus

Our hearts cry freedom My heart cries freedom Your heart cries freedom His heart cries freedom Woo
