

Nicole Scherzinger, Boomerang

Where is the music?

Yeah

Boy, hits me like a hits me like a

Hits me like a boom-boomerang

I say you're rolling in band

Its like you're ready to party

You got your x-raze eyes

Scanning my body

I think Ill take a shot

And throw my love your way

You've got my sway my babe

Cause it come back to me

I lose control when you're around

I let it go, just let it go

you're the one Ive got all right

You make me feel alive

You hit me like a boomerang

You knock me out my feet

You got me so crazy

Its come up at me like a boomerang

I swear it struck my heart and

Now I'm swing the stars boy

Boy, hits me like a hits me like a

Hits me like a boom

Boy, hits me like a hits me like a

Hits me like a boom

Boy, hits me like a hits me like a

Hits me like a boom -boomerang

I think I'm going in shock

My heart is hot in disease

Ah, it hurts so good

Me and the friend z

Its all over now

Cause You've got that thing

So keep coming back

Like a boom-boomerang
