

# Nina Hagen, Go Ahead

Move on, time to move  
The clock will never stop  
Move on, time to move  
The clock will never stop  
Move on, time to move  
The clock will never stop  
Move on, time to move  
The clock will never stop

This is the magic year of '37  
Who knows what happens after this,  
Will there be a heaven?  
I know what's killing our good old mother  
Earth here down under  
Is there anyone who knocks, knocks, knocks  
On Heaven's door, I wonder

It's time to move  
It's time to go ahead  
It's time to sort it all out  
Do it, watch me do it

It's time to move  
It's time to go ahead  
It's time to let you all know  
Do it, watch me do it

Move on, time to move  
The clock will never stop  
Move on, time to move  
The clock will never stop

The truth is sweeter than sugar and wine  
Repeat your name all the time

Wanna know what's high?  
Om Namah Shivay!  
Wanna know what's higher?  
Om Namah Shivaya!  
His love is pure  
His love is for sure

Om Haidakhandi Haidakhandi Haidakhandi Bol!

It's time to move  
It's time to go ahead  
It's time to sort it all out  
Do it, watch me do it

It's time to move  
It's time to go ahead  
It's time to let you all know  
Do it, watch me do it

Mahadeva Shambo

O Holy Master, please don't let me go  
I need You so, I feel so low my love will grow  
Take me all up where I belong  
Make it right when I go wrong  
His love is pure, His love is for sure  
He makes you feel secure  
There's nothing His love cannot cure

Move on, time to move  
The clock will never stop  
Move on, time to move  
The clock will never stop  
Move on, time to move  
The clock will never stop  
Move on, time to move  
The clock will never stop

It's time to move  
It's time to go ahead  
It's time to sort it all out  
Do it, watch me do it

It's time to move  
It's time to go ahead  
It's time to let you all know  
Do it, watch me do it

Om namah shivay  
Om namah shivay  
Om namah shivay  
Om namah om
