

Nina Hagen, Love Heart Attack

(Submitted by Tim DuFour)

Gets me heated in the coldest time
A warmth in the hand can freeze the mind
Between man and the beast is a very thin line
When untamed passion gets satisfied
With each and every heartbeat, it happened any time
Desire gets undressed, so does our behavior
With each and every heartbeat, it happened any time
And every true lover, true to each other, does another lover favors

Opportunity never gave control
Keep on turnin' me on
Everything I do is coming from my soul
Keep on turnin' me on
Between man and the beast is a very thin line
Keep on turnin' me on
When untamed passion gets satisfied
Keep on turnin' me on

<Chorus> x2
I like when you do to me
I love what you do to me
Love heart attack

I'm gonna learn about it just give me a little time
Keep on turnin' me on
But right now what he does is on my mind
Keep on turnin' me on
The untamed passion gets satisfied
Keep on turnin' me on
Between man and the beast is a very thin line
Keep on turnin' me on
With each and every heartbeat, it happened any time
Desire gets undressed, so does our behavior
With each and every heartbeat, it happened any time
And every true lover, true to each other, does another lover favors

<Chorus> x2
I like when you do to me
I love what you do to me
Love heart attack

The opportunity gives no control
Keep on turnin' me on
Everything we do is heart and soul
Keep on turnin' me on
A woman and a beast is what I feel sometimes
Keep on turnin' me on
When untamed passion gets satisfied
Keep on turnin' me on

He becomes awake when I lay him down
And he sees his (?????) into the lost and found
And every true lover, true to each other, does another lover favors

I like when you do to me
I love what you do to me
Love heart attack...
