

Nine Inch Nails, 10 Miles High (Version)

i'm going to get so high
you'll never get inside
i swore i'd never turn into you
i'm closer all the time
i made it 10 miles high
can't tell my truth from my lies
i swore to god i would never turn into you
i'm getting closer... all the time
tear it all down
tear it all down
tear it all down
tear it all down
tear it all -
