

# Nirvana, Anorexorcist

Through your lights have action  
Dark into a puzzle  
Know this push you lick ya  
Lace of honor yeah you rape

I was yours and guilty  
Then you lived the purest  
Special time 'cause you can  
Be pure thoughts of disarray

Ooh

I was yours and closer  
You were the ape til you  
Got me here to entertain  
Your heads are in your lake

I was your intention  
Won't you come. I wish you  
Got me under with the  
Thing that is self-righteous  
Hey
