

Nirvana, I smell sex and candy

Hanging round, downtown by myself
and i had so much time to sit and think about myself
and then there she was,
like double cherry pie
yeah, there she was,
like disco superfly

I smell sex and candy here
mhmm
whose that lounging in my chair?
mhmm
whose that casting devious stares in my direction?
mamma this surly is a dream
yeah
yeah, mamma this surly is a dream
dig it

Hanging round, downtown by myself and i had too much caffine and i was thinking bout myself and
in platform double suade
yeah there she was,
like disco lemonade

I smell sex and candy here
mhmm
whose that lounging in my chair?
mhmm
whose that casting devious stares in my direction?
mamma this surly is a dream
yeah
yeah, mamma this surly is a dream
dig it
mamma this surly is a dream
yeah

I smell sex and candy here
mhmm
whose that lounging in my chair?
mhmm
whose that casting devious stares in my direction?
yeah, mamma this surly is a dream
dig it
yeah mamma this surly is a dream
mhmm
mamma this surly is a dream
yeah
yeah mamma this must be my dream.
