

NLE Choppa, Cursed Vibes

Come vibe with a real nigga (oh yeah, hey)
Get high with a real nigga (oh yeah, hey)
Come vibe with a real nigga (yeah, yeah)

Come vibe with a real nigga
Bonnie and Clyde with a real nigga
Get high with a real nigga
Come take a pic with a real nigga

She tryna fuck on me
Tryna fuck with me
I'mma different cloth baby
They ain't cut like me
I ain't lovin' no hoe
Ain't no trust in me
Six-nine got me licking while she suck on me

And on the phone she be all up in her feelings
And deep down I don't really want no dealings
Kinda hard for me to keep my distance
'Cause she love this dick all in her kidneys

Your vibe is a curse
I don't know
It hurts
With you
I smirk
When we apart, it's a curse

I love your curves
And everything you worth
We talk
We flirt
You my baby 'til I'm in the dirt

Our love is poison but ion give a fuck
Kisses all down yo neck while I fuck you up
Slow stroke deep all in her guts
Ain't take a condom off baby girl get yo nut

She like to smoke and chill
Baby keep it real
Are you gonna ride, are you gonna kill
Keep it real

When I kiss on your neck
Girl you love that shit
From the back pull yo hair
Yeah, you love this dick
Camera out, make a flick, on some movie shit
That pussy wet, yeah
On some Jacuzzi shit

When I call on her late night
You always answer
In public you so innocent
In private you're a freaky dancer

Your vibe is a curse
I don't know
It hurts
With you I smirk
When we apart, it's a curse

I love your curves
And everything you worth
We talk
We flirt
You my baby 'til I'm in the dirt
Yeah

Come vibe with a real nigga
Get high with a real nigga
(in my thug baby)
Bonnie and Clyde with a real nigga
