

# NLE Choppa, Stompin

TKO, got that boy screamin'  
Man, you know what the fuck goin' on  
Big Dracs  
Ayy  
Foot on they necks, I be stompin' on niggas  
Ain't wearin' no vest, I ain't duckin' no niggas  
Ain't runnin' from triggers  
I look down the barrel, tell him pull it since he think he really a killer  
He'll look like that 'til he pop him a jigga  
I see through these bitches like Snapchat filters  
If I miss a target, must've been dreamin'  
I never miss a shot when I'm tryna sick him  
Born with this aim since I came out my mother  
I'm CJ McCollum when it hit the buzzer  
You can ask my brother how niggas turned into a Gusher  
When I upped the Drac' then I bust 'em  
My nigga say, "Fuck 'em, " so you know it's fuck 'em  
I fucked him over then fucked on his lover  
I didn't use a rubber, gotta feel when I cut her  
Say she love when I slut her, but I never cuff her  
Nigga, nope  
Fly like Peter Pan  
Bitch, you know I've been a man  
All black Batman with my niggas robbin'  
Gun got a wingspan, lay 'em down like he on a bean bag  
Shoot the whole crew where his team at  
Took 'em out the loop when I shoot in a coupe with a deuce-deuce  
Let this loose at your door, mailman  
Finger fucked the K, I seduced, better duck like a goose  
When I'm out the roof shootin' like a mad man  
Say he caught a hat, where the body at?  
When you find that motherfucker call me back  
If you was touched on my bail, I ain't proud of that  
There was somethin' tellin' me to double back  
And I been had a body, we been beatin' those  
Tell 'em free Tevo, this shit TKO, and you know how that go  
Me and my brother, we murdership goals  
Foot on they necks, I be stompin' on niggas  
Ain't wearin' no vest, I ain't duckin' no niggas  
Ain't runnin' from triggers  
I look down the barrel, tell him pull it since he think he really a killer

I didn't use a rubber, gotta feel when I cut her  
Say she love when I slut her, but I never cuff her  
Never cuff her, never wife her, the only thing she get is pipe  
Told her that we got a date today, but she gettin' dick tonight  
Know it ain't right  
She tellin' me she need me in her life, but I want her friend, shiesty  
Catchin' me without my pipe, unlikely  
Have you ever seen Mike with an Ike?  
Turned it up a notch, now I've been gettin' global  
Bitches on my crotch, overseas and local  
Take a seat and watch me, never lose your focus  
Told bro to spot me, too much weight, I'm loadin'  
Which one you boys the boldest?

Reach for this charm, you die while you posin'  
Reach for this chain, you dyin' in motion  
Leave him stuck, hypnosis  
Kept the pride he was holdin', yeah, yeah  
Livin' a life that these rappers be rappin' 'bout  
Let's take a lie detector see who cappin' now  
Graduated from the streets with a cap and gown  
First degree on my body count  
Ayy, how many we popped? Get a headcount  
Made bro recount, get the right amount  
Last nigga, he ratted, he dead now  
Foot on they necks, I be stompin' on niggas  
Ain't wearin' no vest, I ain't duckin' no niggas  
Ain't runnin' from triggers
