

# No Angels, Maybe

Maybe its the way you used to love me  
Maybe its the way I feel you now  
Im feeling like the sky is fallin on me  
And my life is tumbeling down

Maybe Im lost in the moment  
I dont wanna be found  
Feel like I must save the moment

Maybe Im a fool for lovin you  
Maybe youre right and maybe Im wrong  
Maybe cause I dont know what to do  
Wont somebody please help me  
Maybe I got something else to say  
It really doesnt matter anyway  
Its just a little word an empty call  
No maybe means nothing and all

Maybe one day I win the lottery  
Maybe Ill be poor all my life  
And there so many possibilities  
All I got to do is try try try

But Im still lost in this feeling  
Now I wanna be found

Can anyone stop me from falling

Maybe Im a fool for lovin you  
Maybe youre right and maybe Im wrong  
Maybe cause I dont know what to do  
Wont somebody please help me  
Maybe I got something else to say  
It really doesnt matter anyway  
Its just a little word an empty call  
No maybe means nothing and all

I wont be waiting I cant be waisting no more time  
Cause I got dray the line sometime  
No second guessing its only messing with my lige  
I dont want it anymore no

Maybe Im a fool for lovin you  
Maybe youre right and maybe Im wrong  
Maybe cause I dont know what to do  
Wont somebody please help me  
Maybe I got something else to say  
It really doesnt matter anyway  
Its just a little word an empty call  
No maybe means nothing and all
