

No-Cash, Skate Or Die

i'm bustin out of this hole
breakin out and breakin in i have got an evil soul
rippin shit with a wicked grin i know my enemies
everyone who's not like me dont ya try and stop me, pig
i'm on my board and now i'm free

what the fuck is sense of pride
shut yer mouths and live yer lives
live to skate, skate or die
with this motto i'll survive
we'll rot away on that played out curb
resting on broken glass and dirt
and to all of you who stood in our way:
you will get what you deserve
