

No Secrets, Here I Am

Ever since I was a little girl
Ever since I took my first step and said my first hello (hello)
I've been dancing, I've been singing
I've been hoping, I've been dreaming, I've been praying
For a chance to show (show the world)
Show the world
That I can be
Just like the girls on T.V.

Here I am, here I am, here I am
Isn't it crazy, Isn't it wild
Here I am, here I am, here I am
Isn't it crazy, Now isn't it crazy
Here I am

Like a little voice inside my heart
Talking from the very start
Telling me which way to go
Always try, don't give up, if you want it never stop, take your time
If you want to show (show the world)
Show the world
That you can be
Just like the girls on t.v.

Here I am, here I am, here I am
Isn't it crazy, Isn't it wild
Here I am, here I am
Isn't it crazy, Now isn't it crazy
Here I am

feel the fire in me
Isn't it a little insane

here I am, here I am, here I am
here I am, here I am
here I am, here I am
Isn't it crazy

here I am, here I am, here I am
Isn't it crazy, Isn't it wild
here I am, here I am, here I am
Isn't it crazy, now isn't it crazy
here I am, here I am
