

# No Use For A Name, Black Box

Up here sedated in my seat,  
Can't wait until i can see my feet  
And run away from stupid things i've said  
I'll be here a few days from now,  
We'll talk about it when i come down  
If we make it this time, I'll clean the stain i've bled

Our worlds collide in new beginnings  
It's an emergency permission to bail out  
So when the heart crash lands,  
What memories will survive?  
I thank my black box that i'm alive

I feel unlucky today, can't wash the panic off my face  
Didn't learn a thing from the last time  
It's so selfish to be so confused,  
Heart beats like rapid fire  
So close to the edge but far away in mind

Two days to go until i see you  
Looks like we can call the ambulance down there  
My head is touching down i've learned to be afraid  
I thank my black box that you're the same
