

# Nomy, Crucified By Love 2006

erase my name, from the past  
so many years have gone so fast  
So Take this life and be gone  
You are no longer my number one  
You made me live hoped you'de stay  
never knew what she was about to say  
Im sorry for the time  
you still one of a few  
I'm sorry you were mine  
I'm crucified by you  
and What we had was fine  
God was crying blood  
yeah life are left behind  
I'm crucified by love  
it turned out you're no longer mine  
without a whisper and without a sign  
nail me nail me to the cross
