

# Nonpoint, I Said It

I said it once, I'll say it again if i really want.

Saying everything I wanted if I really want.

I'll say it once, I'll say it twice, I'll say it right into your face.

So take a step back, I've got alot more I gotta say.

You're dumb as door stoppers sweet, your dumb as rocks go, dumb as door stoppers and you real

Knock you over with a statement that will shock.

Your mother shoulda left you in the balls of your pops.

I said it, I said it, I'm saying that I said it.

I admit it, I don't care, I don't care, I don't regret it.

You needed to hear it, and I needed to say it, I'm not playing I just said it, ooh I don't regret it.

I said it, I said it, I'm saying that I said it.

I admit it, I don't care, I don't care, I don't regret it.

You needed to hear it, and I needed to say it, I'm not playing anymore, you started a fuckin war.

I didn't like you from the start, if you disappear tomorrow, the world and I will throw a party,

there will be no sorrow, be no tears, be no horror, no fear about tomorrow,

people lined up laying flowers, atop your artificial body, crying artificial boos, your artificially an ass

Your not so special, there's a hundred thousand yous, in every single city that you think belongs to

I said it, I said it, I'm saying that I said it.

I admit it, I don't care, I don't care, I don't regret it.

You needed to hear it, and I needed to say it, I'm not playing I just said it, ooh I don't regret it.

I said it, I said it, I'm saying that I said it.

I admit it, I don't care, I don't care, I don't regret it.

You needed to hear it, and I needed to say it, I'm not playing anymore, you started a fuckin war.

You wanna settle for this alone!

You wanna settle for this alone!

You wanna settle for this, wanna settle for this, wanna settle for this alone!

You wanna settle for this, wanna settle for this, wanna settle for this alone!

You wanna settle for this alone!

Artificial body, crying artificial boos, your artificially an asshole times two.

Your not so special, there's a hundred thousand yous, in every single city that you think belongs to

I said it, I said it, I'm saying that I said it.

I admit it, I don't care, I don't care, I don't regret it.

You needed to hear it, and I needed to say it, I'm not playing I just said it, ooh I don't regret it.

I said it, I said it, I'm saying that I said it.

I admit it, I don't care, I don't care, I don't regret it.

You needed to hear it, and I needed to say it, I'm not playing anymore, you started a fuckin war.

I said it, I said it, I'm saying that I said it.

I admit it, I don't care, I don't care, I don't regret it.

You needed to hear it, and I needed to say it, I'm not playing anymore, you started a fuckin war.
