

Norah Jones, Don't Miss You At All

As I sit and watch the snow
Fallin' down
I don't miss you at all
I hear children playin' laughin' so loud
I don't think of your smile

So if you never come to me
You'll stay a distant memory
Out my window I see light doing dark
Your dark eyes don't haunt me

And then I wonder who I am
Without the warm touch of your hand

And then I wonder who I am
Without the warm tough of your hand
As I sit and watch the snow
Fallin' down

I don't miss you at all
I don't miss you at all
I don't miss you at all
