

# Norbert Życki, Inner Death

1. I decided to go  
Home would be alone  
My heart is broken now  
But yours was more important than mine  
I promised that I won't let go  
But I committed a sin  
I just wanted to save myself

Chorus.  
Before inner death  
Before inner death  
Before inner death  
Mmm  
Maybe I'm the problem  
But maybe you were mine  
But I loved things that you hated in yourself

2. I've never seen that girl as you  
But you killed me, killed me from the inside  
I never forgot you that  
You destroyed my life

Bridge.  
You promised that you loved me  
But you don't know how  
You just wanted to be loved  
But I can't give you that

Chorus.  
Before inner death  
Before inner death  
Maybe I'm the problem  
But maybe you were mine  
But I loved things that you hated in yourself

Outro.  
And you killed me, killed me from the inside
