

NOTD, Bea Miller, I Wanna Know

is she the one
is she the one
is she the one
the one you've been dreaming for?
is she the one
cause I wanna know, I wanna know
I wanna know, I wanna know
is she all you wanted
cause I wanna know, I wanna know

is she the one
that I couldn't be for you?
is she the one?
I hate that you're the one
that I never get over
that I wanna get closer

I'm tired of staying up all night with you on my mind
still I;m laying here
I;m laying in the shirt you used to like
no, I shouldn't mind
all I think about is

does she move your body?
like I moved your body?
cause I wanna know, I wanna know
does she make you feel wanted?
is she all you wanted?
cause I wanna know, I wanna know

I wanna know, I wanna know
is she all you wanted
cause I wanna know, I wanna know
