

# Nothing But Thieves, Futureproof

They're shutting down the protest  
We're so on trend  
Quick, go grab a picture  
Go get that content  
You're stealing the attention  
But ut's a great look  
Why do you wanna do good  
Wehn you can feel good?

I wanna be Futureproof  
Come and lift me up until I'm higher, higher  
Vulture coming to steal my youth  
Throw the pieces down into the fire, fire

Liars coming to take my truth  
I want to be Futureproof
