

# Nothing But Thieves, Oh No :: He Said What?

I guess the future was a bad idea  
Like it's 1999  
It's easy to make people hurt round here  
You go and call it a good time

So did you find that thing you're looking for?  
Does it make you feel alive?  
Wait, he said what? He'll start a war  
Tear down the planet for the hype

You know it always ends the same  
Honesty's a losing game  
It died a long, long time ago  
With your favourite god

He said what?

Oh no  
We have lost control  
Have you seen the video?  
But for heaven's sake don't ever let the  
Let the people know  
Oh no

'There ain't no prizes for the kindest heart  
But I'll make you rich if you subscribe'  
Well someone just blew up the bar  
'cause they were swallowing the lie

You know it always ends the same  
Honesty's a losing game  
It died a long, long time ago  
With guitar music

He said what?

Oh no  
We have lost control  
Have you seen the video?  
But for heaven's sake don't ever let the  
Let the people know  
Oh no  
Oh no

Everyday it gets harder  
We'll throw it away  
So tell me when it's over  
We'll do it again

He said what?

Dance to the rhythm  
My algorithm  
Enjoy the feeling  
Don't turn off  
Dance to the rhythm  
My algorithm  
Keepin' ya spinnin'  
'till you drop  
Dance to the rhythm  
My algorithm  
We'll make a killin'  
Never stop  
He said what?

Oh no  
We have lost control  
Have you seen the video?  
But for heaven's sake don't ever let the  
Let the people know  
Oh no  
Oh no

Everyday it gets harder  
We'll throw it away  
So tell me when it's over  
We'll do it again

He said what?!
