

# NOVIKA & Pete Grace, Can't Resist

It's another lonely morning  
I'm searching through the past  
Through the sound of crazy music  
That you've left me once  
All the memories go deep  
They won't duster me  
This feeling is like madness  
I can't resist

No  
I can't be wrong  
Coz I've seen them all  
Another bite  
Show, who could help me not ...  
Another time  
And thinks can be like that say  
You'd better stay away of this sorrow  
Coz it's time  
Taken ...  
The new turn
