

# Nu Virgos, Every Day

Every morning with the rising sun  
I will wake you up  
Like a ray of light  
Every evening when the sun goes down  
I will be your only one

And this song is just another  
Hundred moments of my love

Every day&#039;s a new beginning  
Every day I&#039;ll find some words you want to hear  
Every day I&#039;ll find a meaning  
For as long as you are here

Every winter I will keep you warm  
I will be your home in the heart of storm  
Every summer I will hold your hand  
Just to be your wonderland

And this song is just another  
Hundred moments of my love

Every day&#039;s a new beginning  
Every day I&#039;ll find some words you want to hear  
Every day I&#039;ll find a meaning  
For as long as you are here

And this song is just another  
Hundred moments of my love

Every day&#039;s a new beginning  
Every day I&#039;ll find some words you want to hear  
Every day I&#039;ll find a meaning  
For as long as you are here

Every day&#039;s a new beginning  
Every day I&#039;ll find some words you want to hear  
Every day I&#039;ll find a meaning  
For as long as you are here
