Oasis, Keep The Dream Alive

Four Seasons.. seconds flick and flash... I'm alone A lonely scream provides the scene It's no home Every night I hear you scream, But you don't say what you mean This was my dream, but now my dream has flown

I'm at the crossroads waiting for a sign My life is standing still, but I'm still alive Every night I think I know In the morning where did he go The answers disappear when I open my eyes

I'm no stranger to this place Where real life and dreams collide And even though I fall from grace I will keep the dream alive
