

# Oasis, Let's All Make Believe

Is anyone here prepared to say  
Just what they mean or is it too late?  
For anyone here to try to do  
Just what it takes to get through to you

So let's all make believe  
That we're still friends and we like each other  
Let's all make believe  
In the end we gonna need each other

Strangle my hope and make me pray  
To a god I've never seen but who I betray  
To the people who live the afterlife  
And the place I'll never be 'til I'm crucified

So let's all make believe  
We're still friends and we like each other  
Let's all make believe  
In the end we'll need each other  
Let's all make believe  
That all mankind's gonna feed our brother  
Let's all make believe  
That in the end we won't grow old

So let's all make believe  
We're still friends and we like each other  
Let's all make believe  
In the end we'll need each other  
Let's all make believe  
That all mankind's gonna feed our brother  
Let's all make believe  
That in the end we won't grow old
