

Obliveon, Such A Quiet River

Always impress
Always possess
Cover the stress
Never depress

Kiss and repute
Clean and pollute
Share and dispute
Deny the truth

Don't be concerned
Life is a quiet river
Don't be distressed
It's such a quiet river

Antagonize
Demoralize
Militarize
Monopolize

Annihilate
Obliterate
Assassinate
Exterminate

(Chorus)

Storms in your head return and you're wondering
Why peace of mind can never be
Pieces of you resist to your cravings
Looking for some serenity

Foster your name
Further your fame
Don't loose a game
Deal with the shame

Manipulate
Intimidate
Humiliate
Degenerate

Storms in your head return and you're wondering
Why peace of mind can never be
Pieces of you resist to your cravings
Looking for some serenity

Always impress
Always possess
Cover the stress
Never depress

Never be seen
With tears in your eyes
Never be weak
'Cause you'll be despised

(Chorus)
