

# Ocean Blue, Mercury

Quietly, almost elusively  
Almost invisibly,  
I found that I  
for a moment  
Had slipped away.  
Ripped in two, then pasted back again,  
Then crumpled up inside,  
Then tossed aside  
you know that  
It feels so bad.  
oh Mercury  
oh Mercury  
Happened once, then it  
happened twice,  
Then it happened thrice,  
And now a fourth?  
You know that?  
Quietly, almost elusively  
Almost invisibly,  
I found that I  
for a moment  
Had slipped away.  
oh Mercury
