

Olga Przybysz, Forever

Here I am
all alone
getting to know you
getting to know you

empty hands
at the break autumn
lying before you

whatever you do
whatever you say
it's over
one lie
on love forever

whatever you are
whatever you go
whatever this life
this love forever

hold your breath
count to 10
into the water
into the water

it's your ...
and try to ...
into the water

whatever you do
whatever you say
it's over
one lie
on love forever

whatever you are
whatever you go
whatever this life
this love forever

all that I had I'm my mind
was track to back in time
it's my moment
it's my god

whatever you do
whatever you say
it's over
one lie
on love forever

whatever you are
whatever you go
whatever this life
this love forever
