

# Olive, Curious

## Verse 1

Straight as a dye

On us we rely

Yet watch how my head is turning

Distracting my eye

## Bridge

It's no reflection on you, yet who would believe me

Troubled by the thought of it, I can't deny

## Chorus

That I'm curious, never meant to hurt you

Just curious, I can't deny

That I'm curious, never have deceived you

Just curious, I cannot lie

## Verse 2

Give me a reason

I'll hide my delight

Shamelessly I'll seize the moment

Just my needs in sight

Repeat Bridge&Chorus
