Oliver Tree, Out of Ordinary

I am out of ordinary I am out of ordinary I am out of ordinary I am out of ordinary

And when i see my own reflection How am i unique? How am i unique?

Don't go afar Don't go afar

I am out of ordinary I am out of ordinary I am out of ordinary I am out of ordinary

There's to omany ordinary people There's to omany ordinary people There's to omany ordinary phouses on his block They'd rather be boring than stop

That's why i am out there I put my whole self out there That's why i am out there I put my whole self out there That's why i am out there I put my whole self out there That's why i am out there I put my whole self out there I put my whole self out there

I am out of ordinary I am out of ordinary

There's to omany ordinary people They'd rather be boring than stop

That's why i am out there I put my whole self out there That's why i am out there I put my whole self out there That's why i am out there I put my whole self out there That's why i am out there I put my whole self out there
