I think it's time (sorry baby)

I been havin' visions, fantasies (Fantasies)

Am I out of line?

(Chorus)

Just back into it

And let it touch (touch)

Come on and move

And let it touch (touch)

We cannot lose

Just let it touch (touch)

I will be true

Come on and let it touch (touch)

(Background While Talking: 6x)

My eyes have seen nothin' like you

I think I Wanna bite you

So Sweet

But I just want to get you to

(Chorus)

In your sexy lingerie

In the middle of the doorway

Peel you like a banana

Tell me no I want you (tell me no I want you)
