

# One Direction, Same Mistakes

Harry

Circles, we're going in circles

Dizzie's all it makes us

We know where it takes us

We've been before

Closer, maybe looking closer

There's more to discover

Find out what went wrong without blaming each other

Zayn

Think that we got more time

When we're falling behind

Gotta make up our minds

All

So we play, play, play all the same old games

And we wait, wait, wait for the end to change

And we take, take, take it for granted that we'll be the same

But we're making all the same mistakes

Liam

Wake up, we both need to wake up

Maybe if we face up to this

We can make it through this

Closer, maybe we'll be closer

Stronger than we were before, yeah

Make this something more, yeah

Zayn

Think that we got more time

When we're falling behind

Gotta make up our minds

All

So we play, play, play all the same old games

And we wait, wait, wait for the end to change

And we take, take, take it for granted that we'll be the same

But we're making all the same mistakes

Yeah, yeah, that's what crazy is

When it's broke and, you say there's nothing to fix

And you pray, pray, pray that everything will be okay

While you're making all the same mistakes

Liam

Don't look back

But if we don't look back

We're only learning then

How to make all the same, same mistakes again

All

So we play, play, play all the same old games

And we wait, wait, wait for the end to change

And we take, take, take it for granted that we'll be the same

But we're making all the same mistakes

Yeah, yeah, that's what crazy is

When it's broke and you say there's nothing to fix

And you pray, pray, pray that everything will be okay

While you're making all the same mistakes
