

# One Man Army, Next Generation

Out On The Street  
Out In The Cold  
No One Cares And Nobody Knows  
The Night Is Young It Belongs To Us  
As The City Sleeps  
That's When We're Feeling Alright  
Next Generation  
Come Out To The Corners  
All You Boys And Girls  
There's A Brand New Sound  
On The Airwaves  
Ringing Out Loud All Across The Way  
From The City Downtown To The Golden Gate  
It Don't Matter Where You're Coming From  
As Long As You're Here You'll Be A Part Of This Song  
The Night Is Young Yeah It Belongs To Us  
As The City Sleeps I Know You're Feeling Alright  
Alright Everybodys Ours Tonight  
When Tomorrow Comes  
We'll Tear Down The Wall  
Until It All Comes Down Down Down  
It Doesn't Matter Where You're Coming From...  
The Next Generation
