

# One Man Army, Sos

SOS

In a state of emergency  
The situations  
And the bright eyes  
Lookin at me

Is there no-where I can go-o  
Somewhere you couldn't see  
SOS

In a state of emergency

Let's say, for a second  
I've grown attached  
My live's a mess  
I'm a dull, dull waste

And the pills that they give me  
Just give me the shits  
I don't think they work  
I'm supposed to fit in

Let's say, just for a second,  
I'm only kiddin'  
I'm well adjusted

Let's say nothing at all...

In a state of emergency  
I'm calling out to anyone  
An SOS....  
In a state of emergency

Let's say, just for a second,  
I'm only kiddin'  
I'm well adjusted

Let's say nothing at all...

In a state of emergency  
I'm calling out to anyone  
An SOS....  
In a state of emergency

He's addicted  
He's a mess  
Callin' out  
It's an SOS  
(anyone)

He's addicted  
He's a mess  
Callin' out  
It's an SOS  
(anyone)
