One Man Army, The Holidays

don't know much about life these days All I know is what I've been told Well then lately everything seems to fall on deaf ears I didn't know you" were gone until it was too late (hey)

And if it all, it ALL maybe my fault I'll pay the constant ACHE thru the holidays" Give me one more shot any, all or none A way back to your heart

don't remember much these days Only Us" when you were just 19 Well, Lately everything seems so Fucked up! I didn't know you were gone until it was too late
