One Night Only, All I Want

If you're heart don't work then you won't get hurt Say goodbye Such a shame, say goodbye

My hits don't hurt or my words don't work Say goodbye Don't you cry, don't you cry

'Cause I believe 'Cause I believe

All I want is something to believe in Even if it's just to hear your name All I want is what you've got me feeling lately Please don't let me throw it all away

Speak how you feel so the word sound real Don't you lie Such a shame, such a shame

My hits don't hurt or my words don't work Say goodbye Don't you cry, don't you cry

'Cause I believe 'Cause I believe

All I want is something to believe in Even if it's just to hear your name All I want is what you've got me feeling lately Please don't let me throw it all away

Speak how you feel Speak how you feel Speak how you feel So the word sound real

Speak how you feel Speak how you feel Speak how you feel So the word sound real

All I want is something to believe in Even if it's just to hear your name All I want is what you've got me feeling lately Please don't let me throw it all away
