

One Night Only, Anything

You can have it all
Anything you want
Waking up to morning calls
Nothing gives you more

What excitement do you sense?
Friday night and not much else
And you count the money spent
When you have it all

We could have anything
They make us all believe
Turn us into film stars, baby
All you ever need
We will all have millions someday
Pay for all our dreams
We could have anything
They make us all believe
They make us all believe
Anything you want

We can have it all
Everything we need
Pull yourself up out of bed
Don't let them see you bleed

While you watch the glasses fill
Hold back tears and hold it still
You can have it all
Anything you want

We could have anything
They make us all believe
Turn us into film stars, baby
All you ever need
We will all have millions someday
Pay for all our dreams
We could have anything
They make us all believe
They make us all believe
Anything you want

We could have anything
They make us all believe
Turn us into film stars, baby
All you ever need
We will all have millions someday
Pay for all our dreams
We could have anything
They make us all believe
Anything you want
Everything you need
You can have it all
Anything you want
And anything you need...
