

# One Night Only, Long Time Coming

Waking up from another daydream  
Like it goes so alone again  
There was a world I thought I knew  
But I even met someone quite like you

Days drip by if it's a dream I don't wanna wake up  
I close my eyes and if it's unreal I don't wanna know

Waiting for you, it's been a long time coming  
I can't keep counting the days  
I've been waiting for you, it's been a long time coming,  
Long time coming, but now you're coming around

I could drown in the sea with you  
But you're the ship that could save me, oh  
For so long I've never knew  
That I could never have someone quite like you

World goes by, if it's a dream I don't wanna wake up  
I close my eyes, if it's unreal I don't wanna know  
Waiting for you it's been a long time coming  
I can't keep counting the days  
If you take my hand maybe I'll stop running,  
I'll stop running away

Give me love, give it up  
If you insists to drag me down  
I've been waiting for you it's been a long time coming  
Long time coming, but now you're coming around

Waiting for you, it's been a long time coming  
I can't keep counting the days  
If you take my hand, maybe I'll stop running,  
I'll stop running away

Give me love, give it up  
If you insists to drag me down  
I've been waiting for you it's been a long time coming  
Long time coming, but now you're coming around

Waking up from another daydream,  
Like it goes so alone again  
There was a world I thought I knew  
But I even met someone quite like you
