

# OneRepublic, Someday

omedays I'm treading the water  
and feel like it's getting deep  
Some nights I drown  
In the weight of the things that I think I need  
Sometimes I feel incomplete,  
But you always say to me,  
Say to me, you say

Someday when we're older  
We'll be shining like we're gold  
Yeah, Won't we, won't we  
And someday when we're older  
I'll be yours and you'll be mine  
Babe happy, happy!  
You say someday when we're older  
We won't worry bout the things we don't need,  
We don't need  
One day down the line  
Before we both run of time  
You gonna see  
Someday we'll be all that we need!  
Someday we'll be all that we need

I've bben the besr and the worst  
Been the ghost in a crowded room  
I took a Chance at the Times took a die and it led you  
So many time that i wish  
We could be anywhere but there  
So many Times that i wish  
I could see what you see so clear  
So clear  
You say:

Someday when we're older  
We'll be shining like we're gold  
Yeah, Won't we, won't we  
And someday when we're older  
I'll be yours and you'll be mine  
Babe happy, happy!  
You say someday when we're older  
We won't worry bout the things we don't need,  
We don't need  
One day down the line  
Before we both run of time  
You gonna see  
Someday we'll be all that we need!  
Someday we'll be all that we need

You say:  
Someday when we're older  
We'll be shining like we're gold  
Yeah won't we, won't we

Someday down the line  
Before we both run of time  
You gonna see

Someday we'll be all that we need :))
