

# Oomph!, Under Pressure

See me down  
Now it's taking me  
How can I face this ???  
Take it right in an empty stance  
???

Your last time  
???  
I just keep on  
???  
I just cry  
When you hold me tight  
Come on reach  
My sweetest bitch

Under pressure

Come to me  
Rescue me  
Say the healing words  
My aching hands  
???  
Since you been gone away

Under pressure  
Give me bitch  
Under pressure  
The healing stitch  
Under pressure  
I would like to meet  
Under pressure  
??? in heat

Under pressure  
It's redemption time  
Under pressure  
When you crush my chance  
Under pressure  
It's redemption time  
Under pressure  
Healing stitch
