

Organek, Get It Right

I'm the one
who you said
wouldn't make it
you said it was supposed
to be on out

now I know
you simply can't accept it
'cause I'm the one
you're talking about

what goes around
comes all the way back around
what comes around
comes back around

I used to walk'
into the muddy water
I used to walk' astray
you know
I made mistakes
and made some people cry
I never let my faith die

I know how many times
I let down my love
I got to know
it way too late
you say
I want to punch above my weight
I'll get it right this time

I'm doing five
I'm on the run
I'm feeling shivers
going down the spine
I'm doing five
I'm on the run
I'm doing five
I'm on the run
I'm feeling shivers
going down the spine
