

Orianthi, Impulsive

Kiss me till we both turn to dust
forget the aftermath of desired lust
hold me won't you hold me for the night

I feel so helpless in your hands
turn on the red lights
gettin lost in your trance
hold me...just hold me for the night

oh oh oh

I'll be your sinner
I'll be your saint
Baby

oh oh oh

A little devil, your sweet angel baby
I'm so so so impulsive
so so so impulsive
so so so impulsive
babe

Touch me leave your breath on my skin
unleash all the demons
that I keep within
take me or break me
for your delight

oh oh oh

I'll be your sinner
I'll be your saint
Baby

Oh oh oh

A little devil, your sweet angel baby
I'm so so so impulsive
so so so impulsive
so so so impulsive
babe
