

# Orson, Broken Radio

I just don't know what to do  
I just don't work right without you  
I get busted up,  
need fixing up now baby

My senses stop making sense  
No wait, that don't make no sense  
I get thrown off by my own balance, baby

These city lights  
only shine down for you  
This place is just too big without you  
I just don't know  
what it is about you  
I just know that  
I'm no good without you

Girl you gotta know  
Everytime you go  
out the door that it's not alright  
Girl you gotta know  
Everytime you go  
out the door that it's not alright  
It feels like everything stops  
Just an old broken watch,  
when you're not around

My jokes ain't funny no more  
They weren't that funny before  
The joke is always on  
the joker, baby  
And I forget how to dress  
No one around to impress  
My dress is messy,  
at best, now baby

These city lights  
only shine down for you  
This place is just too big without you  
I just don't know  
what it is about you  
I just know that  
I'm no good without you, girl

Girl you gotta know  
Everytime you go  
out the door that it's not alright  
Girl you gotta know  
Everytime you go  
out the doorthat it's not alright  
it feels like everything stops  
Just an old broken watch,  
when you're not around
