

Oscar Brand, I Like Ike

I like Ike
I'll shout it over a mike
Or a phone
Or from the highest steeple

Yes, I like Ike
And Ike is easy to like
Stands alone
The choice of "We the People";

A leader we can call
Without political noise
He will lead us all
As he led the boys

So let's take Ike
A man that all of us like
Makes no deals
His favor can't be curried
And Uncle Joe is worried
'Cause we like Ike
