Oscar Brand, I Like Ike

I like Ike I'll shout it over a mike Or a phone Or from the highest steeple

Yes, I like Ike And Ike is easy to like Stands alone The choice of "We the People"

A leader we can call Without political noise He will lead us all As he led the boys

So let's take Ike A man that all of us like Makes no deals His favor can't be curried And Uncle Joe is worried 'Cause we like Ike
