

Our Lady Peace, Stole

When you fall in love
You hit the ground so fast
Never ends nor never last
Once or twice you rolled the dice
To only find your lucks gone bad
(chorus)
With out the sour in the hours
The sweet wouldnt be such a treat
With out you Im incomplete
I've been in love only once
But I let him go befor I'd know
That he was the one for me
My soul mate my everything
Tryin to figure out my life
Tryin to make sence of it
Tryin tryin cryin cryin
Where did you go
Where did you go
I wanna knowwwwwwwww
That was my song
