

Oval Opus, Get Out Of Here

Hey there, Mr. Stranger,
here my song before I go.
I've got a dream and it's burning deep inside,
and I want the world to know.
I don't have too much time,
So while I'm young and feeling fine
I'll get out on the road.

I see a world in danger,
Where people pass me everyday.
You know I wonder if they're happy
In this life that they have made.
Do you wonder deep within,
Where you could have gone
What you could have been?

I've got to get out of here
I've got to get out of here
I've got to see the world and live my dreams
Well it's time to go and you must know,
I'm moving on.

So Mr. Stranger,
There's still time to seize the day.
Don't discover when you look at life behind you
That you haven't lived a day.
There's so much to do and see
And I won't wait around no more
For it to come to me

I've got to get out of here
I've got to get out of here
I've got to see the world and live my dreams
Well it's time to go and you must know,
I'm moving on.
