

# Ozark Mountain Daredevils, Snowbound

(GUITAR INTRO)

everything's freezin' up fast

everyone's lookin' for wood

some folks say it won't last

some folks say it's for good

I got my lady and my time to kill

I guess I'll stay here by this window sill

'cause I'm

snowbound,

snowbound

somebody said it's a sign

somebody said it's a shame

somebody said it's a crime

who do you blame

I got my firewood and my kerosene

I think I'll lay back and just dream a dream

'cause I'm

snowbound,

yes, I'm snowbound

(HARP SOLO)

there ain't no way to get out

there ain't no way to get in

I don't know what it's about

and there ain't no sign of the end

I got my rocker and my apple wine

I might just stay here 'til the end of time

'cause I'm...

snowbound
