Ozark Mountain Daredevils, Snowbound

(GUITAR INTRO)

everything's freezin' up fast everyone's lookin' for wood some folks say it won't last some folks say it's for good

I got my lady and my time to kill
I guess I'll stay here by this window sill
'cause I'm
snowbound,
snowbound

somebody said it's a sign somebody said it's a shame somebody said it's a crime who do you blame

I got my firewood and my kerosene
I think I'll lay back and just dream a dream
'cause I'm
snowbound,
yes, I'm snowbound
(HARP SOLO)

there ain't no way to get out
there ain't no way to get in
I don't know what it's about
and there ain't no sign of the end

I got my rocker and my apple wine
I might just stay here 'til the end of time 'cause I'm...

snowbound
