

# Ozzy Osbourne, Under the Graveyard

Today I woke up and I hate myself  
Death doesn't answer when I cry for help  
No high could save me from the depths of Hell  
I'll drown my mind until I'm someone else

Doubt take care of me, be scared of me  
My misery owns me  
I don't want to be my enemy  
My misery owns me now

Under the graveyard  
We're all rotting bones  
Oh-oh-oh, oh-oh-oh

Everything you are  
Can't take it when you go  
Oh-oh-oh, oh-oh-oh

I ain't living this lie no more  
Ain't living this lie no more  
Oh-oh-oh, oh-oh-oh

It's cold in the graveyard  
We all die alone

Cover my eyes so I can't see clear  
One sip away from everything I fear  
Ashes to ashes, watch me disappear  
Closer to home because the end is near

Doubt take care of me, be scared of me  
My misery owns me  
I don't want to be my enemy  
My misery owns me now

Under the graveyard  
We're all rotting bones  
Oh-oh-oh, oh-oh-oh

Everything you are  
Can't take it when you go  
Oh-oh-oh, oh-oh-oh

I ain't living this lie no more  
Ain't living this lie no more  
Oh-oh-oh, oh-oh-oh

It's cold in the graveyard  
We all die alone

(I'm waiting for you)

Under the graveyard  
We're all rotting bones  
Oh-oh-oh, oh-oh-oh

Everything you are  
Can't take it when you go  
Oh-oh-oh, oh-oh-oh

I ain't living this lie no more  
Ain't living this lie no more  
Oh-oh-oh, oh-oh-oh

It's cold in the graveyard  
We all die alone  
Oh-oh-oh, oh-oh-oh
