

# P.O.D., Run

Living on the streets of nowhere  
Nobody understands and nobody cares  
Nobody listens  
So who can tell my life is just a living hell  
I'm going back and forth, no one to turn to  
Slowly losing my mind so what am I doing  
If you could only see the pain and hurt in my soul  
But you don't understand me so how could you know  
Sometimes it gets so bad I think I'm losing it  
Can't get my hand out of life and I'm losing my grip  
And when you loose your grip your begging to slip  
Death is just waiting one to trip  
Heading down the streets of nowhere  
No one can hear me cause nobody's there  
Life gets darker and there is no light at all  
When the ways of the world just prepare me for the fall  
What can I do what can I say?  
I don't know love, only hate  
What would you do if you were me?  
I guess you'll never really know  
How would it feel to walk in my shoes  
A victim of this world only used and abused  
Trapped in a box with the walls coming down on me  
They say they know how I feel  
Let's it end all right now, that's how I feel  
Don't have a care in the world, life means nothing  
Don't look back, Don't look back, just keep running  
Run - Keep Running (x4)  
Run - Keep Running (x4)  
How long O Lord? Will you forget me forever?  
How long will you hide your face from me?  
How long must I wrestle with my thoughts  
And everyday the same sorrow in my heart  
How long will my enemies reign over me?  
Look at me and give me an answer O Lord my God  
Give light to my eyes or I'll sleep in death  
My enemy will say I have overcome him  
And my foes will rejoice at my fall  
But I still believe in You Lord  
And I know You're so real Lord  
Come and take me from this place Lord  
Everyday I will follow and seek your face  
But I trust in your unfailing love  
And my rejoice is in your salvation  
I will sing to you my Lord  
Because You have been, You have been so good to me  
You're the one who rescued me  
And your're the one who'll set me free  
I keep on running, but there ain't no where to hide  
You took me in your arms open wide  
You loved me first when no one else would  
You died for me, so I give my Life to you  
False hopes and lies, but you're the one who's true  
Next time I run, I'm running straight to You
